

# LEAP to 11

## SUPPORTING MEMBER STATES IN IMPLEMENTING ARTICLE 11 OF THE ENERGY EFFICIENCY DIRECTIVE

LEAPto11.EU

LEAPto11 aims to support European Member States during the implementation and execution of the new article 11 of the Energy Efficiency Directive (EED). This initiative is a collaborative effort by ten National Energy Agencies across the continent. The main goal is to contribute to a comprehensive improvement of the quality framework for Energy audits and Energy management systems (EnMs) through the evaluation, update, upgrade, and optimisation of current national programmes.

### OUR MISSION:

To improve the quality, consistency, and impact of national energy audit and EnMS programmes by addressing data gaps, boosting policy coordination, and promoting standards.

### OUR GOALS:

#### Enhance National Programmes:

Improve effectiveness through better data management and KPI tracking.

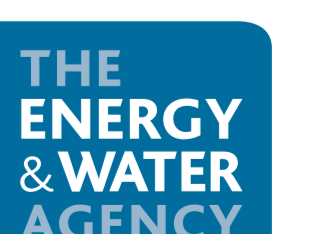

#### Provide Policy Support:

Offer tailored, knowledge-based guidance for smooth transposition of Article 11.

#### Promote Standards & Protocols:

Encourage uptake of best practices for implementing audit recommendations.
